

# IMPORTANT ANNOUNCEMENT for all Members: New Online Booking and Tee Time Management System

---

## Making a difference!

[Back to GGGC Home Page](#)

As your incoming President, I promised that I would actively seek to move the club forward in as many ways as possible. I am extremely pleased therefore to announce the imminent implementation of an Online Booking and Tee Time Management System for the start of the new competitive season at Glen Gorse Golf Club. The system will allow Members (and eventually Visitors) to book online; through the club website [www.gggc.org](http://www.gggc.org) ; via the club professional and at a dedicated terminal to be positioned within the clubhouse.

This system will replace in its entirety, the current hand written club competition sheets.

## Benefits – Why the BRS System?

The BRS Golf Tee Time Manager is recognised as the UK and Ireland's leading Tee Time Management and Online Booking System and is currently used by more than 480 golf clubs. The benefits to GGGC members are:

- **Online Club and Course Diary**
- **Improved service** to members – **Easy to use, personal login** for all Members
- **Book tee-times online** as well as in the clubhouse – multiple users from **any location**
- Increased **marketing opportunities** to **maximise club revenues**
- **Automated Email** and **SMS Messaging** to Members

## When & How?

The Council have setup a small working committee to ensure as smooth an implementation of the system as possible. Member information is currently being loaded onto the system, a training session will then be completed by the system administrators, a demonstration and training will be available to club members (provisionally 3<sup>rd</sup> March) before the start of the first official club competitions.

In the meantime, I would encourage you to visit the BRS Golf website at [www.brsgolf.com](http://www.brsgolf.com) for further details about the system.

## Your Question and Answers

If you have any questions you would like to ask about the system and its implementation at GGGC, please do not hesitate to contact myself, the Club Manager or Mark Gilbert and we will answer to the best of our ability and knowledge, any queries you may have.

This is an exciting and potentially hugely beneficial initiative for the club, and I look forward to your support in its initial implementation and on-going usage. Let's all get the most from it!

Phil Adcock – President

January 2011
